STAGING MANAGER

Multi-Casualty Incident

Reports To: IC or Ops Chief, if established

Radio Identifier: Staging

Responsibilities: Establish and organize a staging area for all resources not assigned, maintain resource levels in staging as requested by command, and assign and dispatch resources from staging to the incident as requested.

- Don position identification vest
- Establish, organize, & maintain the staging area
  - Remain by staging area entrance/exit
  - Group resources by type and use
  - Establish traffic patterns
  - Allow for rapid departure of units
- Determine routes of travel from staging to the incident
- Maintain communications with IC, Branch Directors, & the Transportation Group
- Assign and dispatch units from staging as requested
- Maintain a unit log of all resources entering and leaving the staging area
- Provide updates to designated supervisor

IMMEDIATE PRIORITIES

- Establish & organize staging
- Maintain resource levels
- Determine travel route
- Assign and dispatch units
- Maintain the unit log
